- ✓ Who has Approval Authority?
- ✓ How do fee changes occur?
- ✓ What information is needed to consider changes?

Tuition and Fee Changes Overview

- ❑ All changes to fees must go through an approval process before they can be implemented, including decreasing of a fee (System Policy 26.01 Tuition and Fees and University Policy 26.01.01.C1.01 Tuition and Fees Procedure).
- ❑ All fee changes must be approved by the Board of Regents with a few exceptions. *The President must approve all fee changes.*
- ❑ Course Specific Fees must go through the approval process prior to the creation of the schedule for the term in which they become effective. Typically, this process is completed once a year.
- ❑ Approvals of new, increased, or decreased fees are typically granted once a year for the ensuing academic year, and the process for submission and review typically takes place around November of each year for the next academic year.

Overview Continued....

- ❑ All fees must be in compliance with the Texas Education Code that supports charging the fee to the students.
- ❑ Most fees are supported by Chapter 54 of the Education Code.
- ❑ Designated Tuition requires that a public hearing be held prior to the fee increasing.
- ❑ Some fees require majority vote by the student body or student government before they can be increased.
- ❑ Some fees only require a student vote when the fee is increased more than a legislatively specified percent since the last voter approved increase.

Who has final approval on fee changes?

Board Approval Fee Request Process

New, Increased and Decreased Fees

1. System will send information to the University that informs us of whether or not we will be able to request fee changes for the next fiscal year and if we are approved, they will give us the deadlines for the requests to be submitted to them
2. If new, increased and decreased fees are going to be submitted then the President's Cabinet will determine what the plan will be on who will be able to submit requests
3. VP and President must approve the fee requests prior to submission to System Office
4. The requests are submitted to System
5. System reviews the requests and submits all universities requests to the Board of Regents
6. Board of Regents vote on the fee requests
7. The Bursar's Office when building the new fiscal year tables will include any of the approved changes

BASICS OF REQUEST FORMS

□ Justification Form

- Justification and proposed use of the increased, new or decreased fee
- Public hearing and/or student referendum requirements
- Budget impact if fee request is not approved
- Justification for ending balance (fund balance)

□ Budget Sheet

- Calculate estimated revenue
- Calculate estimated exemptions
- List the expenditures that will be covered by fee (salaries, wages, equipment, etc..)
- Increased and Decreased fees are compared to current budgeted revenues and expenditures

Course Fee Requests Approval Process

Field Trip Fees, Lab Fees and Study Abroad

1. Department completes the request forms that the Bursar's Office provides to them

3. Provost's Office sends approved requests to the Bursar's Office
4. Bursar's Office compiles the requests into a summary for the VP of F&A and President
5. The President's Office will send the approved request to the Bursar's Office
6. Bursar's Office updated tables in Banner with the approved

4. Tuition Plans

- ✓ Guaranteed Tuition Plan
- ✓ Annual Tuition Plan

What is a Guaranteed Tuition Plan?

A Guaranteed Tuition Plan is a plan where a student is guaranteed to pay tuition at the same rate for a set number of semesters.

Why offer Guaranteed Tuition Plans?

- ❑ Legislation (HB29) required universities to begin offering a Guaranteed Tuition Plan in Fall 2014
- ❑ Board of Regents (BOR) mandated that the Guaranteed Tuition Plan include not just tuition but also most fees for Undergraduate Resident students
- ❑ The plan is intended:
 - ❑ To help families plan for tuition costs
 - ❑ To incentivize timely degree completion

What is included/excluded in the plans?

❑ Included:

- ❑ Tuition (Statutory, Designated and Differential)
- ❑ Mandatory Fees (e.g. Student Services, University Service, Athletic, Program Fee etc.)

❑ Excluded:

- ❑ Lab Fees
- ❑ Field Trip Fees
- ❑ Distance Education Fees
- ❑ Three Peat Fees
- ❑ Excess Credit Hours Fees
- ❑ Non-Mandatory Fee (e.g. Parking Permit, etc...)
- ❑ Room and Board
- ❑ Books and Supplies
- ❑ Etc...

Who is eligible for the plans?

□ Eligible:

- Resident Undergraduate Students
- Rates have been established for the following
 - FY 2015 Plans – 1, 2, 3 & 4 Year Plans (Primarily based on students classification)
 - FY 2016 forward – 4 Year Plans only (Main Campus)
 - FY 2019 forward – 2 Year Plans only (Rellis Campus)

□ Not Eligible (Rates will change each year):

- Resident Transient Student (Pay Annual Plan Rates)
- Resident High School Dual Credit (Pay Annual Plan rates)
- Non-resident Undergraduate Students
- Resident Graduate Students
- Non-Resident Graduate Students

How long are tuition rates Guaranteed?

- ❑ Main Campus – 4 Years (12 consecutive semesters)
- ❑ Rellis Campus – 2 Years (6 consecutive semesters)
- ❑ When a 4-year cohort expires the student will be placed into which plan?
 - ❑ Example:
 - ❑ 4 Year Plan for students beginning Fall 2023
 - ❑ Will expire Summer 2027
 - ❑ Fall 2027 will be placed into the Annual Tuition Plan
- ❑ When the 2-year cohort expires the student will be placed into the newest 2-year plan unless TAMUS informs TAMUCC otherwise.

What is an Annual Tuition Plan?

An Annual Tuition Plan is a plan that does not guarantee tuition and fee rates from year to year. Tuition and fees may increase each Fall semester.

➤ Why offer Annual Tuition Plan?

- To give students an option

➤ What is included/excluded in the plan?

- Same as the Guaranteed Tuition Plan except that any new and increased fees will apply to students who elect this plan

➤ Who is eligible to select this plan?

- Resident Undergraduate students who begin Fall 2016 or later (First Time in College and Transfer Students)

➤ Who would elect the Annual Tuition Plan?

- This plan may be something that a transferring Senior might be interested in.

- How do students opt-out of the Guaranteed Tuition Plan for the Annual Tuition Plan?
 - If the student is eligible to opt-out of the Guaranteed Tuition Plan they would make this choice through SAIL under Student Account and they would select View Tuition Rate Cohort. The student must make the choice by the census date of each term.

- ❑ If there is a sub department list on the account, the approval must go through that office also
 - ❑ Example: All Grant Accounts (S-Dept = RES1) must be approved by the Research Office prior to submission to the Bursar's Office.
