CAREER MAP

ART – TEACHING CERTIFICATION

Bachelor of Fine Arts

FINISH IN

Students in the BFA have the option through electives to develop an emphasis beyond the general degree program in Printmaking, Painting, Sculpture, Ceramics, Photography, Drawing, or Art History. The curriculum for the Bachelor of Fine Arts degree is designed to provide professional development at the undergraduate level in the visual arts, through in-depth study in studio art. The degree requires a minimum of 75 semester hours in art, at least 36 of which must be in upper-division coursework. The purposes of the art curriculum are: to provide a general program that allows students access to a variety of art media, studio techniques, and instruction; to provide students with opportunities to study past and present forms of art and to understand the function of art in society; to provide courses that will help expand the knowledge and interest of non-majors in the area of art; and to contribute to the cultural life of the University and the community by presenting quality art exhibitions in the Weil Gallery.
