Scheduled Teaching

Banner student information system is the data source for courses with an enrollment of at least one student. This data is refreshed after census each term.

Definitions:

- Course - displays the course, schedule type, short term code, and section number. (Example: 'ENGL 3325 Lecture-09 W01' is English 3325 section W01 that was a lecture taught in Fall)
- Course Title - displays the name of the course
- Credit Hours - displays the number of units associated with the course component
- Enrollment - displays the student enrollment
- Additional Course Data - provides access to additional data fields related to a particular course. The classifications enabled are TAMU-CC Semester (the Banner Term Code) and TAMU-CC Workload (the basic workload credit value of the course).
