

# Wellness Exam Incentive:

*Tips & Resources for Making Your Doctor's Appointment*

**HUMAN  
RESOURCES**  
*OUR SERVICES - YOUR FUTURE*

## Scheduling Your Appointment

- Inform the doctor's office appointment staff that you are scheduling your "annual wellness checkup".
- Don't wait; schedule your appointment with a network provider early so you don't risk missing the deadline.
- Ensure your selected provider is a network provider under the BlueCross BlueShield (BCBS) Blue Choice PPO Network. Use the provider finder at [www.bcbstx.com](http://www.bcbstx.com).

## Preparing for Your Appointment

There are steps that you may choose to take in advance of your appointment to help you get the most out of your time with the doctor during your wellness exam office visit:

- Print a list of current medications to bring with you to your wellness exam office visit.
- Be prepared to share your medical history, if it is a new doctor.

## Attending Your Appointment

- When you check in at the doctor's office, confirm your appointment as your "annual wellness checkup".

**Cut along the dotted line and provide the BOTTOM PORTION of this page to the doctor's office to explain the Texas A&M System Wellness Exam Incentive.**

## Texas A&M System Wellness Exam Incentive - Medical Provider Information

The Texas A&M University System is taking steps to encourage employees to live healthier lives by actively engaging with a health care provider through utilizing preventive services available under the A&M Care Health Plan. To promote this healthy behavior, enrolled members will be **required to receive a wellness exam/annual physical** during the designated time period to receive the lower premium.

**Our Blue Cross Blue Shield policy allows for the annual exam to be taken before 12 months has passed since the last annual exam.**

**In order to facilitate the completion of the wellness exam incentive requirement, we request that a V70 or a similar diagnosis code be listed as the primary code when submitting the insurance claim to BlueCross BlueShield for payment.**

While physicals and wellness exams often include such things as a blood pressure check, cholesterol test, glucose test, and/or a body mass index check, no specific tests are required as Texas A&M System feels your judgment as a physician should determine which tests to administer based on the patient's age, gender, medical history and physical condition.

Questions pertaining to the Wellness Exam Incentive claim coding or submission should be directed to BlueCross BlueShield directly at 1-866-295-1212.
