TYPES OF FINANCIAL AID

Financial aid comes in many forms and includes federal, state, and institutional funds. These funds are awarded based on the information you provide when submitting your Free Application for Federal Student Aid (FAFSA®) or Texas Application for State Financial Assistance (TASFA). Your award package, which could include scholarships, grants, loans, or work-study opportunities, is determined by this information.

Loans are funds that must be repaid over a period of time, usually after you leave school and usually with interest. Some of the loan types you could be offered are:

- Direct subsidized and Unsubsidized Loans
- Direct Parent PLUS Loans
- Private Loans

Grants are awarded based on financial need and do not need to be repaid.

Scholarships are awarded based on academic merit combined with financial need and do not need to be repaid.

Work-study is funding awarded based on financial need that you may earn by working at an eligible part-time job on or off campus.

Islander Guarantee covers your tuition and fees if you meet the eligibility criteria and complete your FAFSA® by the deadline. Once all federal grants, state grants, and institutional aid have been applied to your student account, any remaining tuition and fees are covered by Islander Guarantee. For more details visit tamucc.edu/guarantee.

ARE YOU ELIGIBLE TO RECEIVE FINANCIAL AID?

Eligibility for financial aid is based on financial and household information that is reported on the FAFSA® or TASFA. Since grant funding is limited, priority is given to those who apply for aid early through the FAFSA® or TASFA.

- The FAFSA® is available for all U.S. citizens and eligible non-citizens. The FAFSA® opens late fall/early spring for the following school year at studentaid.gov.
- The Texas Application for State Financial Aid (TASFA) is available for all non-U.S. citizens who are Texas residents. The TASFA opens late fall/early spring for the following school year at collegeforalltexas.com.
